

Soterra Stone Cleaner

neutral daily cleaner for stone & tile

DESCRIPTION AND USE

Soterra Stone Cleaner is a concentrated formula designed for cleaning interior or exterior masonry, ceramic tile, grout, natural stone and many other hard surfaces. Soterra Stone Cleaner is ideal for maintaining surfaces protected with Soterra Granite Sealer and Soterra Marble Sealer. Effective against a wide variety of common stains and soiling, Soterra Stone Cleaner is perfect for situations where a heavy water-rinse isn't feasible.

ADVANTAGES

- Effectively cleans WITHOUT messy water rinse.
- Removes normal stains and soiling from masonry and most other hard surfaces.
- Non-acidic.
- Safe for interior and exterior cleaning.
- Compatible with Soterra protective treatments.
- Pleasant fragrance.

TYPICAL TECHNICAL DATA

FORM: Clear blue liquid
SPECIFIC GRAVITY: 1.001
TOTAL SOLIDS: NA
pH: 8.1
WT./GAL.: 8.33 lbs.
FLASH POINT: > 200°F (> 93°C)
FREEZE POINT: 30°F (-1°C)

PREPARATION

Protect people, vehicles, property, plants and all surfaces not set for cleaning from product, residue, splash, fumes and wind drift. Though Soterra Stone Cleaner has no offensive odor, use only with good cross-ventilation.

Surface and Air Temperatures

Cleaning effectiveness is reduced when surface and air temperatures fall below 50°F (10°C). Do not apply at temperatures below 40°F (4°C). If freezing conditions exist prior to application, let masonry thaw.

Equipment

Apply using low-pressure spray, sponge, soft brush, broom or mop.

APPLICATION

Before use, read “Preparation” and “Safety Information.”
ALWAYS TEST each type of surface for suitability and results before overall application. Test using the following application instructions.

Dilution & Coverage Rates

Daily cleaning 2-6 oz. concentrate : 1 gallon water
Coverage: 2700-8000 sq. ft./gal.
Severe soiling 8-16 oz. concentrate : 1 gallon water

Coverage: 1000-2000 sq. ft./gal.
(water rinsing required)

Application Instructions

Daily cleaning

1. Apply diluted cleaner.
2. Leave cleaner on the surface 1-5 minutes.
3. Gently scrub the surface until soiling is removed.
4. Vacuum or mop up residual liquid and soiling.

Severe Soiling

Follow steps 1-3 for daily cleaning, then rinse thoroughly with fresh water.

Clean Up

Clean tools and equipment using fresh water.

SAFETY INFORMATION

Caution. May cause irritation. Keep Out of the Reach of Children. Read Complete Label and Product Data Sheet for Precautionary Information

Precautions: Contains aqueous surfactant blend. Avoid eye contact. Wear safety glasses or splash goggles depending on application method. Avoid prolonged skin contact. Wear rubber gloves, long sleeved work clothing or splash resistant clothing as needed to avoid skin contact. Wear a NIOSH-approved dust/mist respirator as needed to avoid breathing mists. Provide adequate ventilation during interior use. Do not ingest. Wash thoroughly after handling. Test or protect all surfaces that may come into contact with cleaner. Do not alter, mix or dilute product except as specified. Check with local sanitation department for disposal of unused product.

First Aid

Eye contact: In case of contact, rinse eyes with water for at least 15 minutes.

Skin contact: Flush skin with water. If irritation persists, seek medical attention.

Ingestion: If swallowed, do not induce vomiting. Dilute with large quantities of water or milk and seek immediate medical attention. Never give liquids to an unconscious person.

Inhalation: If symptoms of respiratory irritation are noted, move to fresh air. If symptoms persist, seek medical attention.

24 Hour Emergency Information: INFOTRAC @ 800-535-5053

Shelf Life: 3 years in sealed container. VOC Content <4% by weight.
